# Coltrain

Simple. Secure. HIPAA-compliant.

Seamless clinician connections, anywhere — EMR-independent simplicity.

Coltrain is a free, HIPAA-compliant mobile app for clinical collaboration. Any clinician, in any location or system, can use Coltrain to connect with their colleagues for patient care.
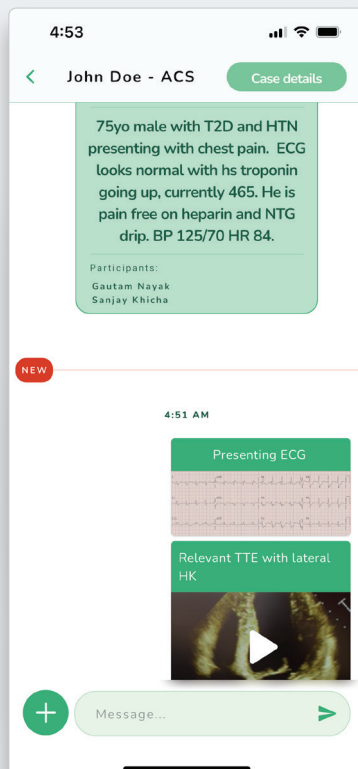

Coltrain keeps your clinical communication organized and secure, and gets everyone on the same page quickly and without redundancy.

HOW IT WORKS

Start a Case centered around a specific patient.

Capture and upload images or videos directly to Coltrain.

Collaborate effortlessly by **adding colleagues** to discuss complex cases.

Start 1:1 or group calls (like Zoom) with a single click from the case.
